Project Q & A

Project Owner:	Mount Pleasant Public Schools
Project Name:	District Technology Renovations
Issue Date:	February 10, 2023

Project Questions and Answers:

This document provides answers to questions asked by bidders who have reviewed the Technology Request for Bid for the above referenced project.

Q1	Paging systems – will there be any need, now or post award, to break out the costs by building?
A1	Bidders are to provide a lump sum project price. Any apportioning to individual building will be done by Owner.
Q2	2.04.B System shall reside on a Contractor provided Server that shall reside in the building MDFI thought I heard it stated at the pre-bid that the software was going on the schools VMware. Please confirm if we are providing a server/headend or just the software. Will the Paging systems need administrative consoles or is paging going to be done strictly via the existing phone system?
A2	As described during the pre-bid, the intention is to install Contractor provided software on Owner provided VMWare equipment. If additional head end equipment is necessary at each school location, Contractor shall supply all necessary equipment. Contractor shall supply all parts and labor for a fully functional system.
Q3	Do you want pricing per school location or as a lump sum?
A3	Bidders are to provide a lump sum project price. Any apportioning to individual buildings will be done by Owner.
