

Fostering Engagement

Gain the knowledge and tools you need to improve student motivation, success, and social and emotional development.

Fostering Engagement will help you:

- *improve student and teacher **relationships***
- *build a **positive** and trusting classroom **culture***
- ***improve school culture** and professional relationships*
- *Create an experience with more **fulfillment** and less stress*

In Fostering Engagement, you will lead students to:

- *put **effort** into their work*
- ***persist** through challenges*
- ***participate** in class and ask questions*
- *see the **value** of their learning*
- *build the skills they need to **master** class content*
- *feel **empowered** in their learning*

Interested in attending or sending some of your teachers?

YOU WILL LEARN:

- important findings from key research on motivation and engagement and how to apply them in the classroom
- over 20 practical, classroom-ready strategies that will increase your students' engagement and motivation
- the six factors (that you CAN influence) that impact student engagement and motivation--and which of the six has the biggest impact
- one thing you can do now that is 3x more likely to help students succeed (And it doesn't take any extra time!)
- the one thing every student has experienced that NEGATIVELY impacts motivation and learning--and what you can do about it!

AVAILABLE FORMATS:
