

New Teacher Mentorship

Our master educators will help teachers

improve their teaching and learning skills and knowledge through high-impact training events and ongoing 1:1 mentorship coaching. Participating teachers have access to our team any day during school hours to **help teachers focus on the work that matters most!**

We mentor teachers in multiple formats:

IN-PERSON: attend training sessions and receive on-site support and observations

HYBRID: participate in online courses and receive on-site support and observations

VIRTUAL: participate in online courses and receive virtual support

**All formats include access to ongoing virtual coaching (available every day during school hours)*

Student Engagement

Improve teachers' abilities to engage and motivate students

Effective Instruction

Increase teacher effectiveness through proven instructional practices and strategies

Meaningful Technology Integration

Help teachers engage, enhance, and extend learning
